1.5 PHILOSOPHY

From the beginning, we have pioneered a sustainable approach to design. Our approach is sensitive to location and culture, often combining the latest advances in building technology with techniques drawn from tradition; and we harness the skills, enthusiasm and knowledge of integrated design teams, clients and communities to create inspirational environments.

By working together creatively from the start of a project, architects and engineers combine their knowledge to devise integrated, sustainable design solutions. From appointment to completion, the teams are supported by numerous in-house disciplines, including project management. And to ensure consistency and personal service, the same core team sees a project through from beginning to end. The design process is reviewed regularly by the Design Team.

1.6 WHAT DO WE DO ?

PROJE LIMITED offers a wide range of Architectural, Engineering and related services for projects of all sizes. Our areas of specialization include the following:

Architectural Design Consultancy

- Interior Design
- Master Planning
- Space Planning
- Project Management
- Feasibility Studies
- Project Supervision
- Contract Administration
- Graphic Design
- 3D Visualisation
- CAD & CAE Services

Dear Prof. Dr. Sagdic,

I would like to hereby express Harvard Medical International's interest and involvement with the Dubai Healthcare City project in the UAE. It was great to be informed that you have reserved slots for development under Dubai Healthcare City. As Harvard Medical International, we would be willing to contribute to quality and design of your projects and review them under our involvement with the project to meet the international standards in healthcare. We look forward to hear from you.

Yours truly,

Semih SEN
Regional Advisor
Harvard Medical International

Nisantasi, Istanbul
TURKEY

Dear Mr. Barbaros,

I would like to say how much I enjoyed meeting with you during my visit to Istanbul last week and talking about the work you are exploring in Dubai and the Ukraine.

Philip Johnson/Alan Ritchie Architects would be very honored to associate with you and look forward to talking about the projects in more detail the next time we get together. Will you be coming to New York soon? I don't expect to be returning to Istanbul until mid-August.

I am pleased to send you some books and information on our firm which I hope will be helpful to you.

Thank you once again for a delightful breakfast and conversation.

Yours sincerely,

Alan Ritchie

20th December 2010

To:
 Mr. Barbaros Sagdic
 Projelimited

Dear Mr Sagdic,

We thank you for your kind invitation requesting that we submit our Tall tower portfolio for a Commercial project in Istanbul, Turkey.

RMJM have both Architects and Engineers based in our Dubai office and it is our intention to produce and deliver the service from this base. We have over the years worked in most of the GCC countries as well as North Africa and are conversant with the local cultural, environmental and logistical issues involved in participating in this project with you.

RMJM is a global design studio with 18 offices throughout the world. RMJM Middle East, with offices in Dubai, Abu Dhabi and Doha offers multi-skill planning, architectural, landscaping, interior design and engineering consultancy services. Like all RMJM offices the ethos is to lead through design and we believe we are one of the very few firms established in the region who can deliver a truly international service from a local base. RMJM Middle East currently has around 300 employees. RMJM worldwide employs over 1000 personnel.

Our award winning designs combines the best of international design standards while addressing the unique cultural context within which we work. We have worked on numerous commercial developments in the region.

Please find attached RMJM's Tall tower portfolio which demonstrates our unique qualifications, and profound interest, in working with you on this project in Turkey.

Thank you for the opportunity once again and we look forward to the next stages of the process and in the mean time are happy to discuss any of the above.

Yours sincerely

Chris Jones
 Director

Dear Barbaros;

Re: LOI on Turkish Projects

We are pleased to present this letter as formal letter of intent of our collaboration regarding architectural projects in Turkey.

We are pleased to confirm that we will participate in high raised building projects, mixed-use projects, design and master planning to share our architectural skills in the Turkish market subject to final discussions on each individual project.

We hope to start this collaboration with some of the exciting projects that you mentioned during various meetings.

Yours sincerely,

K Underwood
